Please keep in mind for **NEW MEMBERS** you will not get immediate access to MMF.
You will get an email for the archives AFTER your first month!

OK, you got your files but how do you get them? First thing, log into your MMF account, in the upper right you will see a circle. Please note these CANNOT be accessed via the app! Give that profile circle a click.

A menu will pop up, here is how you can access your library!

You will be brought to a new page, on the left most side is a bar with some options. Click on **Shared with Me** and the space right will change to look something like this.

You will want to click on Cinderwing! From here you can scroll through all your shared files and what not. You may notice that some models have prices? That is normal! Just click the Download arrow to grab your file!
